

A photograph of a man in a dark suit, white shirt, and red patterned tie sitting at a dark wooden table. He is looking down at a white document on the table. A woman's hands are visible in the foreground, clasped together. The background shows a window with a view of greenery.

Victaulic	All Majors	B M	F
Wolseley North America	College of Business and Behavioral Science	B	F
WSPA-TV	Liberal Arts (Undeclared Undergrad)	B	I

## Prepare for the Fair!

### Tips for making the Career Fair work for you.

Wednesday, September 15th – TechConnect and Connect2Business

Littlejohn Coliseum – 1:00 p.m. to 5:00 p.m.

#### Before the Fair

##### Research:

- Log on to ClemsonJobLink and use the link on the home page (Spring TechConnect/Connect2Business 2010 Participants): <http://career.clemson.edu/clemsonjoblink/> to view the employers coming to the fair.
- Pick out your top five or six companies and research them! Use the link listed on the "Participants" page to view each company's Web site.
- Pick out some key facts to remember about each.

##### Dress:

- If you are wearing a suit (recommended), make sure it is clean without wrinkles.
- If you take it to be dry cleaned, make sure you'll get it back in time!
- If you are wearing business casual attire, make sure your shirt and pants are clean, ironed and ready for wear.

##### Supplies:

- Print out copies of your resume on high quality, professional paper. Bring enough for the companies you plan to see plus five to ten more.
- Make sure you have a professional binder or padfolio to carry your resumes. This will serve as a place to put business cards and any info sheets a company may hand out.

##### Rehearse:

- Prepare an introduction to present yourself to employers. Make sure you mention your name, major, academic standing and career interests. This introduction should last no more than a minute.
- Be prepared to answer questions from employers about yourself – your experience and your qualifications.
- Come up with two or three questions or comments to present to employers specifically about their company.

You can use your research on their company to do this.

Make sure you go to the correct registration table.

#### Day of the Fair

##### Dress:

- Wear sensible shoes and avoid using cologne/perfume, chewing gum, or smoking beforehand.
- Make sure your hair isn't covering most of your face – the employers want to see who you are!

##### Supplies:

- Bring your binder/padfolio.
- Don't forget your Clemson ID! This will make the registration process much faster.

##### Entrance:

- Enter Littlejohn at the East entrance – where the bronze tiger is located.
- The entrance will be split between TechConnect and Connect2Business.

##### Resources:

- Grab a map to find out where employers are located.
- Need help? Career Center Staff will be wearing t-shirts or name tags. Student volunteers will have their name tag on a lanyard.

##### Advice

- Relax! The Career Fair is about making connections, so use it as a networking tool. Every connection is a good connection!
- Don't be offended if an employer doesn't shake your hand. We are taking precaution against spreading any disease.
- Use the student lounges (located on the map) to take a break and gather your thoughts.
- Have fun and be yourself!

# Thank you to our Fall 2010 sponsors!

Michelin Career Center, Division of Student Affairs

## Career Fair Advice

### Do:

- Treat the fair as a networking tool. The more people you meet, the better!
- Expect to hear that some companies are not hiring right now.
- Follow up with employers after the fair. They may not be hiring right now, but when they are, you want to be at the forefront of their minds! It's your responsibility to keep in touch.
- Use the career fair as a "foot in the door" with employers.
- Have fun! This is not your only opportunity to land a job. This is just a starting point!

### Don't:

- Expect all companies to be hiring when they come to the fair. Many of them like to come to the fair to meet Clemson students for any future business they may have. This is a marketing opportunity for them too!
- Get discouraged! The economy is tough right now and many companies just want to keep their name out there, even if they don't have anything available.
- Stop using ClemsonJobLink to search for open jobs. There are many employers who cannot come to the fair but still have job opportunities! Traveling to Clemson just might not be in their budget.

## Layout of Littlejohn
